Experience

Costco Wholesale | Mishawaka, IN
Returns/Receiving Clerk
03/2015 - Current

- Developed a mastery in multitasking and problem solving by adapting to sudden changes of tasks and needs of the company through cross-training in receiving, returns, on forklift and electric pallet jack.
- Refined time management skills through being efficient under Costco's strict deadlines as well as integrated an effective filing system for all paperwork due to auditing expectations.
- Improved work ethic and teamwork of the receiving department by effectively communicating and collaborating to get all freight deliveries unloaded, received, distributed throughout warehouse, and returns sent to depot.

Miles Media, Inc | South Bend, IN
Boom Operator/Sound Mixer
10/2020 - 10/2020

- Engineered and arranged audio recordings of actors for R.A.S. Logistics commercial shoot.
- Utilized sound equipment to mix audio levels for consistent volume quality.
- Refined boom operating skills to ensure vocal clarity throughout the production as well as assisted in the set up and strike of all production equipment.

Miles Media, Inc | South Bend, IN
Recording Engineer/Editor: the LMS Podcast
02/2017 - 04/2019

- Coordinated and Engineered audio recorded interviews at national conferences for podcast episodes.
- Gathered and edited with detail, all audio content using Logic X to streamline podcast production.
- Mixed, mastered, and spliced together music, interview recordings, and commercial breaks to produce episodic content.
- Engineered and directed V.O. recordings sessions for sponsored commercials that were utilized throughout podcast.

Miles Media, Inc | South Bend, IN
Boom Operator
03/2018 - 03/2018

- Set up and performed boom operating duties for the film, The Penitent Thief, maintaining signal strength, clarity and reliability of dialogue recordings.
- Facilitated with sound mixer, directors, and producers, to create efficient filming during production.
- Adapted and resolved any audio issues on the film set, establishing strong communication among film crew and talent.

Michigan Tech University | Houghton, MI
Sound Designer/Mixer/Editor/Recording

- Recorded, edited and mixed original sfx in Logic Pro 9 and Adobe Premiere for student produced documentary.

Engineer

03/2013 - 12/2014

- Arranged, recorded, and directed original V.O. & sfx for an unrealized game at the 2014 Game Developers Con.
- Developed a short narrative film by gathering and recording outdoor scenery and sfx into a cohesive story.
- Redesigned audio tracks of a french animated film with original and sourced sfx, along with english V.O. and music.
